Dear Property Owner,

To reduce expenses, we are working with our software vendors to send assessment notices electronically. Iowa Code 441.28A authorizes the assessor to send assessment notices or any other information by electronic means if the person entitled to receive the assessment notice or other information has authorized the assessor to provide the information in this manner.

Enclosed with other correspondence from our office, you will find an authorization form for electronic receipt of assessment notice or any other information by electronic means. If you are willing to receive your assessment notices, building change forms, and all other correspondence by e-mail please complete and return the attached authorization form.

Until there is an authorization form on file, you will continue to receive correspondence from the Assessor's Office through regular mail services. It will be the responsibility of the property owner to keep a current e-mail address on file with the Allamakee County Assessor's Office.

Information compiled or possessed by the assessor for the purposes of complying with authorizations for delivery by electronic means under this title, including but not limited to taxpayer electronic mail addresses, waivers, waiver requests, waiver revocation, and passwords or other methods of protecting taxpayer's information are **not** public records and are **not** subject to disclosure under Chapter 22, open records law.

Sincerely,

Jerad Winger, ICA Allamakee County Assessor
